## THE ONLY HACKSAW THAT YOU CAN FOLD AND PACK IN SECONDS!

**HACK & PACK!**

**FS-303  
FOLD-A-SAW**

Patent Pending

**Includes Two Blades!**

The **Fold-A-Saw** can be quickly folded to a compact size for carrying or storage. It is comprised of two folding swing arms that nest neatly into the "U" shaped channel. Space is provided inside this channel for storage of two hacksaw blades and the **Fold-A-Saw** accepts **standard 12" blades**. It has a built-in guard and soft cushioned rubber inserts for comfort.

Unfolding the saw and attaching the blade is simple thanks to a quick blade release mechanism. Latches hold the blade in place while it is tensioned by a fast cam action lever. **Blade locking system is adjustable** to tension the blade with high force for maximum frame rigidity.

The **Fold-A-Saw** is convenient & simple to use. When folded its much easier & safer to transport than a standard hack-saw!

- Amazing space saving design that **unfolds to a full hacksaw** in seconds
- Cam action **blade locking system** makes it easy to secure the blade tightly
- Blade tensioning system gives the frame **amazing rigidity** for accurate sawing
- Store **spare blades in the channel**, accepts regular hacksaw blades
- Great **for the boat, car, toolbox**, anywhere with limited storage space
- Lightweight, high strength aluminum & steel construction, **weighs only 1 pound**
- Length is 12" and when folded width is only 2-3/4" at the handle and 1-1/4" at the channel

**Going camping?**
