RF-120A

SAVE TIME! CUT LABOR! ENHANCE SAFETY!

A few turns of the crank of this compact tool produces a clean slit through armored casing. Simply untwist to strip! This operation takes only a few seconds. It is absolutely safe and does not damage the wires inside due to the unique built-in depth of cut stop, no need to finagle with an adjustment screw! The **Roto-Flex®** spells the end to nicked fingers and cut knees. The open channel construction pioneered by Seatek allows cutting in the middle of a roll. Simplicity at its best!

CARRY IT ANYWHERE!

This rugged tool can be carried in your belt pouch or in your hip pocket like a pair of pliers. Always ready when you need it, even on top of a ladder or in hard to reach places.

RF-120A Ergonomic Handle
With Blade Storage Cartridge

Accessories

B-107 Blade for aluminum casing
LS-105 Dry lubricant stick

**ANY ROTO-FLEX CAN BE
MOTORIZED BY ORDERING
CONVERSION KIT #101-107**

- **RF-120A** requires no adjustment after initial setting - quick clamp lever does it all! Best of all the cable pops out automatically as soon as a cut is completed.
- Channel accepts cable from 0.75" to 1.125" diameter to cut cable from 4/2 to 2/4 MC and 1/2" & 3/4" trade size Flex.
- No fuss side loading to cut anywhere along the cable.
- Make cuts in tight quarters! Simply ratchet the handle back & forth when you're in a tight spot.
- Quickly change the blade with only an adjustable wrench thanks to an easy to reach hex nut
- Self-tightening blade system and ergonomic crank handle with offset for maximum hand clearance
- Blade storage cartridge in knob with storage for 6 blades.
- Handsome die cast epoxy enameled body. Overall a tool oozing with quality and smart engineering

**To Cut Aluminum Flex order a
B-107 Blade for your Roto-Flex**

Guaranty: The ROTO-FLEX® has a lifetime guaranty against defects. Any parts (except the circular cutter) will be repaired or replaced free; you pay only the one way shipping charge.

SATISFACTION GUARANTEED OR YOUR MONEY BACK!

To cut larger diameter cable sizes use our Roto-Flex RF-120
To square cut flex or liquidtight use SWING-SAW SW-130
