

# ROTO-FLEX 170™ GIANT SIZE

AMZING TOOL CUTS THE SUPER-SIZED CABLES  
MC & BX FROM 2/4 TO 4/2 ☆ 1/2" & 1-1/2" TRADE SIZE FLEX

## SAVE TIME! CUT LABOR! ENHANCE SAFETY!

The **RF-170** is an amazing accomplishment in the design of a compact hand tool! With its patented three position cutting system cables as large as 1-1/2 trade size flex can be cut with ease. A few turns of the crank of this compact tool produces a clean slit through armored casing. Push the top forward to make another cut to completely cut through the convolution. Simply untwist to remove the armor! This operation takes only a few seconds. It is absolutely safe and does not damage the wires inside due to the unique built-in depth of cut stop, no need to finagle with an adjustment screw! The **Roto-Flex** spells the end to nicked fingers and cut knees. The open channel construction pioneered by Seatek allows cutting in the middle of a roll. Simplicity at its best!

- **RF-170** has a patented sliding top with three cutting positions to cut across the convolutions of large diameter cables.
- Channel accepts cable from 0.82" to 1.82" diameter to cut cable from 4/2 to 2/4 MC and 1/2" to 1-1/2" trade size Flex.
- Unique adjustable cable clamping bracket with 1" of travel
- No fuss side loading to cut anywhere along the cable.
- Make cuts in tight quarters! Simply ratchet the handle back & forth when you're in a tight spot.
- Self-tightening blade system and ergonomic crank handle with offset for maximum hand clearance
- Blade storage cartridge in knob with storage for 6 blades.
- Handsome die cast epoxy enameled body. Overall a tool oozing with quality and smart engineering
