

THE ORIGINAL ROTO-SPLIT® BX CABLE CUTTER

The industry standard since 1973 and the first hip pocket quality BX Cutter for AWG #14-2 to AWG #10-4 cables Also cuts 3/8" trade size flexible conduit

SAVE TIME! CUT LABOR! ENHANCE SAFETY!
A few turns of the crank of this compact tool produces a clean slit through armored casing. Simply untwist to strip! This operation takes only a few seconds. It is absolutely safe and does not damage the wires inside due to the unique built-in depth of cut stop, no need to finagle with an adjustment screw! The Roto-Split® spells the end to nicked fingers and cut knees. The open channel construction pioneered by Seatek allows cutting in the middle of a roll. Simplicity at its best!

CARRY IT ANYWHERE!

This rugged tool can be carried in your belt pouch or in your hip pocket like a pair of pliers. Always ready when you need it, even on top of a ladder or in hard to reach places.

- **RS-101A** requires no adjustment after initial setting - quick clamp lever does it all! Best of all the cable pops out automatically as soon as a cut is completed.
- **RS-101** - after initial setting only a half turn of the thumb screw is needed to clamp or release the cable, one part does it all!
- Unique patented offset clamping provides no fuss side loading.
- Make cuts in tight quarters! Simply ratchet the handle back & forth when you're in a tight spot.
- Quickly change the blade with only an adjustable wrench thanks to an easy to reach hex nut
- Self-tightening blade system and ergonomic crank handle with offset for maximum hand clearance
- Blade storage cartridge in knob with storage for 6 blades.
- Handsome die cast epoxy enameled body. Overall a tool oozing with quality and smart engineering
